The Committee, being introduced via Zoom and a quorum being present, the meeting was called to order at 4:04pm.

The minutes of the Committee meeting on February 8, 2021 were approved.

Discussion ensued regarding the desirability of sharing an interim presentation of our proposed Bylaw provisions to the Selectboard for the Annual Meeting. The Committee voted to prepare a report on our current status of review rather than share our current draft work.

The Committee considered the retitling and revision of **Bylaw 9** as follows:

Bylaw 9 Recycling and Waste Disposal

9.1 Everyone disposing of materials at the Town's transfer station is required to separate out recyclable material and dispose of it in designated areas.

9.2 The term "recyclable material" means glass, plastic, paper, and metal. Notice of items included in "recyclable materials" shall be posted at the transfer station and on the Town website.

9.3 The Selectboard may add, alter, or delete items as recyclable.

9.4 Electronic items and construction materials brought to the Town's transfer station for disposal must be disposed of in designated areas for a fee determined by the SelectBoard.

9.5 The Selectboard may set a fine not to exceed \$100 for each violation of this Bylaw, except that no fine shall be assessed for a violation within two weeks of a change by the SelectBoard under Section 9.3.

A motion to adopt the proposed Bylaw 9 was made and approved by the Committee.

A motion to adjourn was made and approved at 5:58pm

Respectfully submitted,
Richard Slutzky
